AMENDMENT

RECEIVED

OCT 28 2002

Technology Center 2600

In response to the Office Action mailed on April 22, 2002, please amend the application as follows.

IN THE CLAIMS:

Please cancel claims 2-7 and 14, without prejudice.

Please amend claims 1, 13 and 15 as follows:

1. In a wireless data communications system wherein data communications are provided between mobile units and a central computer via access points, the improvement wherein at least some of said access points are connected to said central computer through at least one data switching hub, and wherein said data switching hub is arranged to selectively provide data communications to access points connected to said
